

Additional terms & conditions regarding installation of Electronic Gate with bar coded ticketing arrangement in Nandankanan

In the interest of public service the following terms & conditions are to be added to the original terms & conditions of the tender relating to installation of Electronic gate in Nandankanan:

1. The system to be installed should be tropicalised and rugged, so as to tolerate the climatic conditions prevalent in & around Nandankanan.
2. The tenderer should provide OEM (Original Equipment Manufactures) components in the system. The components should not be of Chinese origin.
3. The tenderer shall furnish the major hardware manufacture specifications in the technical bid.
4. The tenderer shall furnish the clause of preventive maintenance schedule in the technical bid.
5. The tenderer should have a local partner who will give service to Nandankanan on behalf of the tenderer. The tenderer shall furnish the credential of the local partner and a copy of the agreement entered with the local partner to render service at Nandankanan as & when required. These documents should be furnished in the technical bid.
